Comprendi la donna che sei: quali dee ti abitano e dove ti stanno portando? Nove storie di donne fra predisposizioni innate, crescita, pericoli d'involuzione, processi di consapevolezza e distacco dai ruoli. Nove divinità olimpiche rilette attraverso il filtro tipizzante dell'enneagramma, come archetipi dell'animo femminile. Nove enneatipi maturati attraverso esperienze terapeutiche, rivisitati al femminile come percorsi antropologici dell'eterno femminile.
